Unless otherwise specified, capitalised terms used herein shall have the same meaning as those defined in the Profit Warning Announcement.

The Board wishes to further inform the shareholders of the Company and potential investors that, based on the preliminary assessment by the Company's management of the unaudited consolidated management accounts of the Group, it is expected that the net loss attributable to owners of the Company for the three months ended 31 March 2020 will increase by approximately 96.19% to approximately RMB9,629,000 as compared with approximately RMB4,908,000 of the same period in 2019.

As described in the Profit Warning Announcement, the expected substantial year-on-year increase in the net loss attributable to owners of the Company for the three months ended 31 March 2020 was mainly due to the impact of the "Novel Pneumonia Coronavirus" epidemic on the Group's provision of smart city solutions business, which caused the significant decline in the revenue and, hence, substantial increase in the loss of this business segment.

The Company is still in the progress of finalising the unaudited consolidated results of the Group for the three months ended 31 March 2020, and the information contained in this announcement is only based on the preliminary assessment made by the Board on the latest consolidated management accounts of the Group and the information currently available, which have not been audited by the auditor of the Company or reviewed by the audit committee of the Company. The shareholders of the Company and potential investors are advised to refer to the Group's quarterly results for the three months ended 31 March 2020, which will be issued by the Company in accordance with the GEM Listing Rules on 8 May 2020.

The shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.
