SHENGHUA LANDE SCITECH LIMITED*

(a joint stock limited company incorporated in the People's Republic of China)

(Stock Code: 8106)

PROFIT WARNING

This announcement is made by Shenghua Lande Scitech Limited* (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 17.10 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the “**GEM Listing Rules**”) and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Director(s)**”) of the Company wishes to inform the shareholders and potential investors of the Company that, based on the initial assessment by the Company’s management of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2020 (the “**2020 Interim Period**”), the Group is expected to record a net loss attributable to owners of the Company of approximately RMB10,937,000 for the 2020 Interim Period as compared to a net loss attributable to owners of the Company of approximately RMB3,169,000 for the corresponding period in 2019. Based on the relevant information currently available to the Company, the Board considers that the anticipated substantial increase in the net loss attributable to owners of the Company for the 2020 Interim Period was mainly attributable to the reasons as mentioned below.

The outbreak of the “Novel Pneumonia Coronavirus” epidemic in the People’s Republic of China (the “**PRC**”) in the first half of 2020 and the resulting anti-epidemic measures taken by multiple cities, delays in resumption of works after the Chinese New Year holidays and other work restrictions imposed by the relevant PRC authorities had led to decrease in efficiency in the project development work of the Group’s provision of smart city solutions business. During the period, due to the impact of the “Novel Pneumonia Coronavirus” epidemic, the progress of the implementation of various projects of this business segment was slower than expected; and there were fewer projects under construction in the first half of the year compared with the same period last year. Therefore, the revenue of this business segment dropped significantly year-on-year, which led to a substantial increase in the segment loss for the period. As a result, the net loss attributable to owners of the Company for the 2020 Interim Period is expected to increase substantially comparing to the same period of last year.

Despite this, the Board believes that the loss has no material adverse impact on the Group's business operations and the Group maintains a stable financial position.

As the Company is still in the progress of finalising the unaudited consolidated results of the Group for the 2020 Interim Period, the information contained in this announcement is only based on the preliminary assessment made by the Board on the latest consolidated management accounts of the Group and the information currently available, which have not been audited by the auditor of the Company or reviewed by the audit committee of the Company. Shareholders and potential investors of the Company are advised to refer to the Group's results for the 2020 Interim Period, which will be issued by the Company in accordance with the GEM Listing Rules on 14 August 2020.

Shareholders and potential investors of the Company should exercise caution when dealing in the shares of the Company.
